

ABOUT JEWISH COMMUNITY SERVICES

JCS At Home is a vital part of the wide-ranging array of social services and health-related programs offered by JCS.

Each year, more than 35,000 people – regardless of race, religion or ethnic background – benefit from our trained, caring professionals. JCS, the largest Jewish social service agency in South Florida, provides critical help in the community, such as delivering meals and emergency funds to frail seniors so they can stay in their own homes; counseling families in crisis; and teaching basic job skills to developmentally disabled adults. Although each individual's circumstance is different, JCS is a lifeline for all.

An important part of that lifeline is **JCS Access**, the comprehensive information and referral service that directs callers to the social services and health-related programs they need.
